RELEASE**

EDI Achieves Award for International Expansion Efforts

Environmental Dynamics Inc. (EDI - Columbia, MO; www.wastewater.com), was awarded a 2009 Environmental Business Journal Business Achievement Award in the area of International Expansion. A manufacturer of advanced aeration and biological water and wastewater treatment technologies, EDI received this prestigious award due to its 16% increase in shipments of its systems during 2009, particularly to overseas markets. EDI attributes this increase to the continued growth trend it has seen over the past several years. The company serves the global market through direct sales and independent affiliates and is currently expanding its international offices in Japan, China, India, Europe, and South America. EDI's continued success has also allowed it to achieve another listing in the Inc. 5,000 list of fastest growing private companies for 2009.

Pictured Above: Mr. Darin Starr (Regional Sales Manager, EDI) accepts the EBJ Award from Grant Ferrier (President and CEO, Environmental Business International, Inc.) at the Environmental Industry Summit VIII held in San Diego, CA in March of 2010.

For additional information related to this or any other press release, please contact the EDI Marketing Department at +1 573.474.9456 or by Fax +1 573.474.6988. EDI's Corporate Headquarters are located at 5601 Paris Road in Columbia, MO, 65202 USA.
