Got diffusers?

High-quality, aftermarket wastewater aeration parts

Diffuser Express (DX) products will keep your aeration system at the front edge of technology. DX stocks a multitude of high-quality aftermarket replacement membranes and parts to upgrade your existing system for improved operational efficiency or increased capacity.

When application know-how or total system design assistance is required, Diffuser Express can serve as a direct link to EDI's Application Engineering Group. From here, you will benefit from the vast aeration and biological treatment expertise that EDI has amassed from servicing customers around the world since 1975.
