We know service.

Quality on-site customer service from experienced professionals

In addition to the highest quality products, EDI is pleased to offer superior customer & field services. EDI is able to provide these services directly from the EDI Headquarters in Columbia, Missouri, as well as maintaining localized field service offices worldwide.

In order to allow reasonable scheduling and to ensure an EDI representative is available, at least three weeks' notice is needed when requesting service.

EDI provides municipal and industrial treatment solutions in over 100 countries, has performed over 7,000 installations, and treats the wastewater need for an equivalent of more than 400 million people across the globe.

Visit www.environmentaldynamics.com or email servicedept@wastewater.com to contact one of our field service representatives to serve your project site!
